2024 WINTER CAMP

A complete guidebook for unit leaders,
scouts and parents.

RIOGRANDECOUNCIL.ORG

Dear Scouter,

The number of Scouts achieving the Eagle rank has increased dramatically since the Rio Grande Council added Winter Camp to its rich tradition of quality programs. Scouters who have participated in past Winter Camps can feel proud of having been a part of this great achievement. We can't emphasize enough what a great opportunity Winter Camp represents toward keeping our scouts on their Trail to Eagle all at an affordable price.

This year we celebrate our 31st Winter Camp and 116 years of Scouting!!! On behalf of the Rio Grande Council and the Winter Camp Committee we would like to extend a cordial invitation to all troops and a big thanks to all who have contributed with their time and effort to make Winter Camp the great experience it is. Last year's Winter Camp was a success, and we are looking forward to ANOTHER Great Winter Camp Again..

This year's Winter Camp will be a Short Term Camp. All classes will be held at Camp Perry and will start at 1:00 pm on Thursday, December 26, 2024 and we're ending camp on Friday, December 29, 2023 after 2nd Period with a 1:00 pm departure (or earlier) time allowing everyone to make it home in time to enjoy the end of year. The gates will open at 10:00 am Thursday December 26, 2024—Leaders/SPL Meeting at 12:00 pm in Gym. On December 26, 2024—3rd, 4th and 5th Period classes will take place and only 1st and 2nd Period classes will take place on December 29, 2024

Please read this Leaders' Guide thoroughly, since changes have been made. Troops attending should register as soon as possible since class space is limited.

ALL SCOUT LEADERS NEED TO COMPLETE THE ADULT LEADER PARTICIPATION APPLICATION BY Wednesday DECEMBER 9, 2024. PLEASE EMAIL OR FAX TO THE SCOUT OFFICE at 956-421-4950

Winter Camp is an All-Volunteer run camp put on by the Rio Grande Council. With the assistance of qualified adult leaders, scouts and merit badge counselors, we can offer a quality program with counselors that have the required expertise for the subjects they are teaching. If you would like to teach a merit badge or have any ideas how to enhance the program, please let us know as soon as possible via the e-mails listed below. Contact Oscar Garza at (956) 624-7610 or email him at cholrep@yahoo.com if you want to be a Winter Camp Volunteer. We want to hear from all of you. Registered troops will be notified of any changes to the program. An updated Merit Badge Schedule will be posted to the website with available course offerings as we get closer to the event.

We hope this information will be helpful and we look forward to seeing you and your troop at Winter Camp 2024.

General Information

UNIFORMS

Please be in full official Scout uniform (all Scouts and adult leaders) for only Morning/Evening Flag Ceremonies and each evening meal. Activity shirts, i.e. Winter Camp T-Shirt, may be worn all other times.

COMMUNICATION WITH SCOUTS

We ask parents not to call their Scout except in the case of emergency. It's a good idea to contact the Unit Leader before contacting a Scout. In an attempt to discourage homesickness, we ask that you tell your Scout to not call home. Our experience shows that a homesick Scout doesn't improve if they call home.

VEHICLES IN CAMP

Vehicles are only allowed in the camping area to deliver equipment upon arrival to camp. All vehicles must be moved to the parking lot immediately after unloading so that others arriving have the same convenience. Do not wait to move your vehicle - campsites should be set up only after vehicles have been moved to the parking area.

FOOD ALLERGIES | DIETARY NEEDS

Any dietary restrictions or requests must be submitted on registration by December 9, 2024. Please contact Oscar R. Garza directly for any special food requests at (956) 624-7610 or cholrep@yahoo.com. While accommodations will be met to the best of the program's ability, Kosher/Vegan/Vegetarian diets should consider bringing items that will fulfill their scouts appetite throughout the course of the week.

SUPPLIES

Additional items such as trash bags, toilet paper, twine, brooms, water hoses and fire buckets may be checked out by contacting the Quartermasters.

PARENTS / VISITORS

In effort to keep accurate records of Scouters at CAMP PERRY, and ensure Scout safety, individuals are not permitted on camp property without prior authorization. The Texas legislature has enacted the [Texas Youth Camp Safety and Health Act](#) that requires the council to conduct a criminal background check and sex offender database check on every adult who will be at camp. All adults attending camp in any capacity must complete an Adult in Camp Compliance (ACC) form a minimum of two weeks before camp, to allow sufficient time for the background checks to be completed. Completing this form allows the council office staff to complete a criminal background check on each adult in camp (regardless of time spent in camp). Visitors should also complete an ACC form; persons who have not completed an ACC form will have to be escorted by an adult the entire time they are on camp property and will only be permitted to enter camp if someone is available to escort them. Please take a photo or screenshot of the receipt for documentation of when you submitted your form

LEADERSHIP REQUIREMENTS

No adults will be allowed into camp without a cleared Criminal Background Check conducted by the Rio Grande Council. (Submit no later than December 9, 2024).

All adults attending camp and staying overnight with a troop must comply with the following:

- Be a registered member of the Boy Scouts of America.
- Complete Youth Protection Training (YPT) training and bring a copy of the card.
- Complete Health Form- Part A, B & C (Page 27-30)

Each Troop must have two registered adult leaders in camp at all times. LEADERS MUST BE AT LEAST 21 YEARS OLD. The Boy Scouts of America requires "two deep leadership" for the safety of your Scouts. All Leaders must bring a copy of their Youth Protection Training certificate and a completed Health Form. We recommend a ratio of 8 scouts or less per leader.

CAMP STAFF

Camp Perry is always looking for great people that live by the Scout Oath to fill several positions at camp. Our staff is selected for their enthusiasm and knowledge. We reinforce that knowledge with regular training sessions prior to the camping season and create a sense of team spirit that is carried over to the Scouts visiting our camp. We are not successful unless you are satisfied with our program. We make every effort to provide the quality learning environment you expect at Camp Perry. Anyone interested in teaching a merit badge class or helping out in another capacity can contact the Winter Camp Director, Oscar Garza at cholrep@yahoo.com or call (956) 624-7610 to volunteer.

All volunteer instructors must be State of Texas Youth Protection Certified, have a Criminal Background Check for 2024 performed through our system, and be a registered adult leader.

CHECK-IN

CHECK IN TIME BEGINS AT 10:00A.M.

Check-in is completed at the health & fitness building before your troop has received their campsite assignment.

Camp staff will be checking in units after 10:00 am on Thursday December 26, 2024. A Troop Guide, will inform leaders of the check-in procedure. Please plan your arrival at Camp Perry as close as possible to check-in on time. There will be an ADULT LEADERS/SPL MEETING AT 12:00 PM IN THE GYM. First merit badge class begins promptly at 1:00 pm.

Early arrivals are asked to wait in the parking lot area with their adult supervision until the check-in process begins. Wrist Bands will be provided for all attendees. Leaders, Scouts and guests arriving/leaving camp during the week must stop at the camp office to sign in or out. Medication will be checked in with the Health Officer, who will see that medications are made available to campers at the prescribed times. It is the scouts responsibility check in with Camp Health Officer for medication distribution. Be sure that medications are clearly labeled with camper's name and troop number on each container. REGISTRATION NO-SHOW'S

For compliance in the protection of all campers pre-registered to attend Camp Perry the following procedures will be followed:

- Scoutmasters are asked to verify any “no shows” from their attendance roster turned in prior to arrival at camp. This may be done at a Leader’s Meeting or via e-mail.
- If there are “no shows” the Scoutmaster must provide written explanation of “no shows” from information he has concerning the Scout.
- If the Scoutmaster is unaware he must investigate the reason for the “no show(s)” and then prepare a written explanation within 24 hours and submit to the Camp Director.

Please see our [Refund Policy](#) for protocols on how to request registration refunds from Rio Grande Council.

LEADER’S MEETING

There will be an adult leaders’ meeting the first afternoon Thursday Dec. 26, 2024 at 12:00 pm in the gym because 3rd, 4th and 5th Period classes start that day.

All ADULT LEADERS/SPL’S are required to attend the meeting, keeping in mind that scouts should not be left without any adult supervision. Additional rules and guidelines not listed in this Leaders’ Guide will be covered. Class rosters will be passed out to those who have volunteered to teach Merit Badge classes. Merit Badge Class changes will be discussed. While every effort is made to keep this to a minimum, there may be some classes without assigned merit badge counselors. At that time, we will ask for volunteers to teach these classes. Volunteer merit badge counselors should come prepared to teach the basic requirements of their assigned classes.

Any last minute volunteers will gain access to the office computer and other resources as needed in order to prepare for their classes. Other leaders’ and/or SPL meetings will be scheduled as needed. All those adult leaders/scouters need current Texas YPT.

MERIT BADGE SIGN-UP

Registration for Merit Badges should take place prior to your arrival at camp. Upon check in at camp, copies of each Scout's Daily Schedule will be given to his Scoutmaster. A copy will be maintained in the camp office. Any last-minute changes will take place after the Thursday December 26, 2024 ADULT LEADER/SPL Meeting in the office. Leaders will be required to submit a schedule change form on behalf of their scouts. If it becomes necessary to limit classes, higher rank Scouts will be given preference on all Eagle required merit badge offerings

Camp Perry uses an online merit badge system that makes scheduling easy. The Scoutmaster should counsel each Scout to determine which merit badges he should select and identify any requirements of those selections he should complete prior to Winter Camp in order to insure completion at camp. Most of the Eagle required Merit Badges require extra time. Some cannot be completed until after the Scout fulfills requirements following Winter Camp. Be sure your Scouts have enough free time to keep up with their studies and still have time for some fun.

Be sure to read the following information before you sign up online and remember that on line Merit Badge Sign-ups go live.

- Each Merit Badge requires one block with the exception of the Path to First and Target & Range Classes, which requires additional blocks.
- Adult BSA Training sign-up is done at camp.

CLASSES AND ACTIVITIES

Our counselors will only sign off on completed merit badges when the merit badges are earned. In some cases, partials cannot be avoided. The time to resolve questions is when counselors are available, and participants are present to discuss discrepancies, We do not expect to modify our records at a later date.

There is always something to do at Camp Perry Winter Camp. See the variety of Merit Badge classes, scheduled classes, and free-time activities below, and use the classes and program schedule to plan your winter adventure.

PATH THE FIRST CLASS PROGRAM

The "Path To First Class" is open to any scout needing assistance in gaining the First Class Rank. Camp Perry Winter Camp will offer "Path To First Class," for 2 hours each day. This should assist in jump starting those Scouts needing the Rank Advancement. It also allows the Scout to take additional merit badge classes as well.

We encourage all Scouts to learn basic skills in an environment of fun and cooperation. Teamwork is emphasized along with team spirit. We encourage all leaders to get involved in this program.

HELPFUL HINTS FOR MERIT BADGES

Many of the Merit Badges can be completed at winter camp. However, some have time requirements, special projects/visitations, special skill levels or other prerequisites so they cannot be completed at winter camp. Attendance at Merit Badge instruction sessions, and projects associated with them, is necessary to complete the badges. If a Scout finds it necessary to miss a session for valid reasons, he should work with the instructor to compensate for the lost time. Please make sure your Scouts understand that all merit badges may not be completed at winter camp. Encourage them to choose a variety of merit badges so they have a fun experience. We want happy campers!

CAMP DIRECTOR'S NOTE:

We encourage you to test their skills from what they've learned, however require troop leadership to sign their handbooks. If your Scout completed the swimming merit badge they also completed the rank requirements associated with swimming. Likewise, First-aid instruction includes only those skills necessary to achieve rank. Though some skills can be applied toward the First Aid Merit Badge, the topics covered in the Path to First Class Program will not satisfy them all unless Scouts choose and attend First Aid as their elective class.

MERIT BADGE COMPLETION REPORTS

Each troop is responsible for reviewing the computer generated Merit Badge completion list on Sunday before unit departure. These reports are available under your units group registration via Doubleknot. The time to resolve questions is when counselors are onsite, still available, and participants are present to discuss discrepancies. We do not expect to modify our records at a later date.

Likewise, permitted transportation is for essential locations only, as approved by Camp Director. Individuals needing accommodation, must have a handicap placard or license plate, and notify the Camp Director via email at Cholrep@yahoo.com by DEC 9th.

CAMP POLICIES

INTRODUCTION

It is the goal of Camp Perry to provide a safe, quality program to our campers. In addition to the Scout Oath, Scout Law, Guide to Safe Scouting, and Scouting Code of Conduct, the following rules have been established to ensure the continuation of excellent safety record. Leaders are asked to cooperate in observance of these rules and in the common-sense operation of their troop. For the safety and enjoyment of all scouts in camp, troops unwilling to observe camp rules and policies will be asked to leave. Any questions or comments of these rules and policies can be addressed before camp by emailing cholrep@yahoo.com . We ask that leaders read all policies and procedures as they may be referred to while at camp and we want to make sure everyone is well informed.

REGISTRATION

Every youth and adult that attends winter camp must be a registered member of the Boy Scouts of America. BSA Charter Rosters with participants highlighted must be turned in to the front office upon check-in at camp as proof of registration.

UNIT LEADERSHIP

Each unit must have a minimum of two registered adult leaders 21 years of age or over are required in camp at all times. There must be a registered female adult leader 21 years of age or over present in any unit serving females. The leaders' primary responsibility is the safety of their Scouts, 24 hours a day. Adult leaders are also responsible for the discipline and control of Scouts they bring to camp. Some leaders have a great deal of knowledge of camping, scouting skills or merit badges and are asked to help in program areas.

BCSC is grateful for any adult leader willing to lend a hand with camp programs.

PARENTS AND VISITORS

In effort to keep accurate records of Scouters at CP, and ensure Scout safety, individuals are not permitted on camp property without prior authorization. All visitors must check in and out at Health and Fitness building. Parents or visitors planning to attend the Friday Family Dinner event must follow the instruction.

The Texas legislature has enacted the Texas Youth Camp Safety and Health Act that requires the council to conduct a criminal background check and sex offender database check on every adult who will be at camp. All adults attending camp in any capacity must complete an Adult in Camp Compliance (ACC) form a minimum of two weeks before camp, to allow sufficient time for the background checks to be completed. Completing this form allows the council office staff to complete a criminal background check on each adult in camp (regardless of time spent in camp). Visitors should also complete an ACC form; persons who have not completed an ACC form will have to be escorted by an adult the entire time they are on camp property and will only be permitted to enter camp if someone is available to escort them. Please take a photo or screenshot of the receipt for documentation of when you submitted your form. For questions, email Cholrep@yahoo.com.

LEAVING CAMP

Anyone leaving camp must sign out at the Health and Fitness Building. The front gate of CP will be closed at all times. Scouts will not be allowed to leave camp with someone other than their parents or legal guardian and without the approval of the Scoutmaster. Scoutmasters should be advised not to allow Scouts to leave camp.

TOBACCO/VAPING

Use of Tobacco or vaping products are prohibited on all Rio Grande Council properties.

HEALTH AND SAFETY

The first aid lodge is available with a qualified health officer on duty 24 hours a day. In addition, CP has an agreement with local physicians and hospitals if additional medical treatment is required. In the case of non-life-threatening injury or illness, the unit leader will be asked to provide transportation to the hospital or clinic as directed. Emergency services will be called in the case of accidents or illness of a more critical nature. There is no charge for medical services performed in camp. All campers needing services from hospitals/clinics are required to handle payment through their insurance policy.

INSURANCE

The Rio Grande Council provides council-wide accident and sickness insurance coverage for all registered Scouts and leaders within the Rio Grande Council. Scouts and leaders from outside the Rio Grande Council must provide certification that they have troop and/or council insurance coverage. It is necessary that your troop be covered by medical insurance at camp. A copy of your certificate of insurance and necessary information for processing a claim must be on file with the camp medical officer before your troop can camp at CP. This allows the CP staff to arrange medical services quickly if needed. If your troop does not have insurance, please contact your local council. A national policy is available at a minimal fee.

MEDICAL RE-CHECK

All Scouts and adult leaders must complete the current Annual Health and Medical Record with parts A, B & C completed within the last 12 months, if staying at camp for any length of time. If a camper arrives at camp without their medical record, it is the camper's responsibility to obtain the physical examination and complete the form before being allowed to participate at camp. During check-in the Camp Health Officer will check each troop's roster and medical forms to confirm that all participants are covered. The Health Officer will interview troop leadership to confirm that all campers are in good physical health. The camp retains the right to send Scouts and leaders home if it is deemed that they pose a significant health risk to themselves or others.

MEDICATION

All Prescription Medication must come to camp in the original bottle from the pharmacy.

The Label must Contain:

- The campers name
- Date of prescription
- Doctor's name & phone number
- Correct dosage

No handwriting will be allowed on prescription medication bottles. All over the counter medication must come to camp in the original containers.

The taking of medication is the responsibility of the individual taking the medication and/or their parent/guardian. A Scout leader after obtaining all the necessary information, can agree to accept the responsibility of making sure a Scout takes the necessary medication at the appropriate time.

BSA policy does not mandate nor necessarily encourage the Scout leader to do so. All prescription medication must be accompanied by a note from a parent or guardian giving permission for the medication to be administered by the Scout leader. Medical marijuana/cannabis is not authorized for use by Scouts or leaders during their time at camp.

IMMUNIZATIONS

BSA Rules and Regulations require that all participants have current Tetanus immunization prior to attending summer camp.

SCOUT UNIFORM IN CAMP

Scouts are expected to wear the BSA field uniform to breakfast, morning flags, evening flags, dinner, and to the Friday's closing campfire. Scoutmasters and adult leaders should instruct their troop in how to properly wear the uniform in line with the BSA Guide to Awards and Insignia.

SWIMMING ATTIRE

Swimsuits must be modest. Outside of aquatics areas all campers are required to wear shirts and shorts or pants.

FOOTWEAR

Campers will need sturdy shoes for hiking and a spare pair in case their shoes get wet. No open toed shoes. Water shoes are encouraged for boating areas.

EVERYBODY GET A BUDDY

No Scout should be without a buddy at camp.

QUIET HOURS

Quiet hours are from 10:00PM pm to 6:30am.

CAMPSITES & BATHROOMS

Campsite and bathroom cleanliness are the responsibility of the campers who use them. Any damage done to camp property by campers will be the responsibility of the individual's troop. Campsites may be inspected at any time to ensure the health and safety of all campers.

Few campsites have access to electric outlets. Electric is a shared resource between the troops staying in the campsite and special consideration must be made for campers who require electricity for medical purposes. A Scout is helpful, courteous, and clean, and we ask that troops work together to make sure that restroom facilities are cleaned daily. The camp will supply all necessary items to clean and sanitize restrooms. Before checking out of camp, the camp staff will inspect all facilities to insure they are clean and free of damage.

GARBAGE & FOOD IN CAMPSITES

The Quartermaster Staff will pick up trash nightly before 9:30pm. Bag and place trash on the roadside of the nearest restroom to be collected. No food is allowed inside of tents, food left in campsites must be secured in wildlife-proof container or secured inside a covered trailer CP is in the country where there are raccoons and other smaller animals who will make a mess of unsecured food or garbage.

LIVING TREES

Camp Perry is a showcase of native trees and shrubs of South Texas. Please do not cut live trees and shrubs without permission from the Camp Ranger/Camp Director.

PETS/ANIMALS/WILDLIFE

No pets of any kind may be brought to camp. Wild animals are not to be fed, teased or captured. If there is a wild animal that poses a danger to campers, notify the staff. Please remember that camp is in a natural environment. Snakes or other critters will be spotted. If it does not pose a threat, Scouts and leaders should take the opportunity to view nature from a safe distance and does not warrant notifying camp staff. If an animal is found inside a tent, building or in an area that would put Scouts in harm's way please call the staff to safely remove the animal.

VEHICLE POLICY

The speed limit on the county road which parallels a portion of CP is 30 mile per hour (MPH). The speed limit on roads on camp is 10 MPH with the following exceptions:

1. The speed limit in the Program Valley (the area after the second low water crossing) is 5 MPH.
2. The speed limit in campsite areas is 5 MPH.

It is the policy of the Boy Scouts of America that: Seat belts are required for all occupants in vehicles. The driver of any vehicle operated on camp must be at least 18 years of age. The beds of trucks or trailers, or fenders, must never be used for carrying passengers. Vehicles may be allowed in the campsite to deliver camping equipment on the day of arrival. Troops may leave trailers in campsites. Trailer tow vehicles may also remain in the campsite under the following conditions:

1. The trailer and tow vehicle remain connected throughout the week.
2. Both the trailer and the tow vehicle are at least three feet from the edge of any camp road.
3. The tow vehicle is not moved during the week.

All other vehicles must be removed to a designated parking area for the duration of their visit. Driving in the Campsite areas or Program Valley is not permitted.

HANDICAP VEHICLES

Only vehicles with state issued Disabled Parking placards or license plates may park in designated Disabled Parking spaces. State issued placards are issued as an accommodation for a disability, and therefore should also be noted on the camper's Medical Record. Vehicles are to be used as a mode of transportation, not as a carpool or shuttle for able Scouters. Likewise, permitted transportation is for essential locations only ... not for sightseeing purposes. If transporting a Scout under the age of 18, all Youth Protection Policies must be met. Individuals needing accommodation, must have a handicap placard or license plate, and notify the Camp Director via email at Cholrep@yahoo.com by DEC 9th to ensure the assigned campsite has accessible parking.

GATE POLICY

Perimeter gates MUST remain closed at all times – no exceptions. If you find a gate open, close it.

EMERGENCY DRILL

There will be a camp wide emergency drill within the first day of camp. Emergency procedures will be posted on camp bulletin boards in all campsites. As a rule, Scouts and Scouters hearing vehicle horns honking repeatedly must report immediately to the nearest gathering point without delay. Gathering points are:
Meet at the flag pole closet to Dining Hall.

It is the responsibility of the leaders to make sure the Scouts are aware of what to do during an emergency. Consult the camp map to locate these areas.

LOST CAMPERS

In the event a camper is reported lost, immediately send someone to notify the Camp Director. At the same time, send a Staff member or a reliable camper to the missing camper's campsite, his scheduled activity area for that period as well as any other likely place to determine the accuracy of this report. After these reports have returned negative, and other likely spots have been searched and the Camp Director or his representative has determined that the missing camper will not be found easily, the alarm will be sounded for a Camp-wide Emergency.

If the assembly shows the camper to still be missing, consult with anyone who might have additional knowledge of his whereabouts and send additional searchers to those locations. Additional steps to be taken in sequence are: Arroyo bank search and camp-wide search until missing camper is found or the authorities are notified.

PROHIBITED ACTIVITIES

The following activities are forbidden and violators may be immediately escorted off camp property.

1. Hunting.
2. Unauthorized use of all-terrain vehicles.
3. Pets.
4. Starting fires with gasoline, oil, diesel fuel, lighter fluid, propane, etc.
5. Starting fires outside of designated areas. No flames in tents or cabins, this includes lit mosquito coils, candles & hot plates. Please check with the camp staff to see if any burn bans are in effect before starting a fire. When not in use, all fuel (propane, white gas, etc) must be kept locked up.
6. Towing passengers on sleds, trailers or any other conveyance not intended for such use. No Scouts or leaders may ride in the back of pickup trucks.
7. Firearms and ammunition are available at the camp for use ONLY at the rifle and shotgun ranges. No other firearms are permitted on camp property. Do not bring your personal firearms, ammunition or bows.
8. Use of fireworks.
9. Absolutely no alcohol or illegal drugs will be allowed on camp property. Drug and alcohol laws will be strictly enforced according to the laws of the state of Texas. Use of these substances will result in immediate removal from camp.
10. Chainsaws are not allowed at camp unless prior permission is received. National BSA has implemented stringent new rules for their safe use.

GENERAL EMERGENCY PROCEDURES:

1. Report all emergency situations (fires, accidents, etc.) to the nearest Staff member.
2. The Staff member will report directly to the Camp Director, Program Director, or the Camp Ranger.
3. If the situation is evaluated as a CAMP-WIDE EMERGENCY, the bell near the Parade Ground will be rung and the camp sirens will be sounded to alert all persons in camp.
4. On hearing the bell and sirens:
 - a. All Staff members will gather at the flagpole on the parade ground.
 - b. All Scoutmasters, troop leaders, and Scouts will report to the flagpole in the center of the parade ground.

All adults attending camp in any capacity must complete an Adult in Camp Compliance (ACC) form a minimum of two weeks before camp, to allow sufficient time for the background checks to be completed. Completing this form allows the council office staff to complete a criminal background check on each adult in camp (regardless of time spent in camp).

This form must be filled out *completely* and legibly. This form is **REQUIRED** from all adults over the age of 18 who will attend camp. Please print and use blue or black ink.

Pre-Event Medical Screening Checklist

This is a tool to assist leaders in identifying potentially communicable diseases in advance of event participation. The intent of this checklist is to review with each participant their current health status both before departure and upon arrival at the event.

Has the participant had any of the following symptoms in the last 24 hours?

- Fever (100.4 F or greater)
- Vomiting

FLAMMABILITY WARNING CAMPING SAFETY RULES

NO TENT MATERIAL IS FIREPROOF, AND IT CAN BURN WHEN EXPOSED TO HEAT OR FIRE. FOLLOW THESE RULES:

- Only flashlights and battery-powered lanterns are permitted in tents. **NO FLAMES IN TENTS** is a rule which must be enforced.
- Chemical-fueled stoves, heaters, lanterns, lighted candles, matches, or other flame sources should **never** be used in or near tents.
- Do not pitch tents near open fire.
- Do not use flammable chemicals near tents: charcoal lighter, spray cans of paint, or bug killer and repellent.
- Be careful when using electricity and lighting in tents.
- Always extinguish cooking and campfires properly.
- Obey all fire laws, ordinances, and regulations.
- Keep campers informed on a daily basis of your camp's fire danger.

Clearing all burnable material 4 to 6 feet away from the fires or as required by local law.

In the case of Cub Scouts, they should immediately seek adult help, sound the alarm by yelling, "Fire!" and stay away from attempting to fight any camp fire. If adult help is not readily available, the Cub Scout should continue to sound the alarm, send a runner for help, and/or dial the camp office or 911.

SOUND ALARM

DROP TENTS (CANVAS ONLY) IF NECESSARY AND SAFE TO DO SO

IN CASE OF FIRE REPORTING AND ASSEMBLY INSTRUCTIONS

At some camps local changes are made in these suggested procedures. All exceptions, however, should be made on the recommendation and with the approval of local fire authorities.

IN A UNIT CAMPSITE

1. Sound the alarm by yelling "Fire!" and then notify the first adult you see, then report to a camp officer or the camp fire warden.
2. Extinguish a fire only if it can be done quickly and easily.
3. When the central alarm is sounded to warn the camp, quickly mobilize in your unit. Move to your preassigned point immediately and await directions.
4. A runner reports to the camp office for instructions from the camp fire warden.
5. In the event of a tent fire, you can douse it with water or sand, or simply stand back and let professionals fight the fire.

OUTSIDE UNIT CAMPSITE

1. If you discover a fire anywhere in camp, report immediately to the camp office so the alarm may be sounded and fire authorities notified.
2. Camp fire warden sounds the central alarm, and your unit follows steps 3 and 4 above.
3. **Remember:** Campers should not be directly involved in the fire fighting process except for fires that can be quickly and easily extinguished.

In case of a fire in our campsite, we will notify _____ Camp fire warden and follow the instructions of our unit fire warden.

Control of Flammable/Combustible Liquids and Gases in Camp

Because serious accidents can happen in connection with the use of liquid fuel, propane, butane, etc., in lanterns and stoves and as a result of igniting fires with liquid starters, adult supervision is required when chemical fuels are being used for lighting and cooking. Local councils have the option of restricting the use of chemical-fueled stoves, lanterns, and heaters in campsites under their jurisdiction.

- **Knowledgeable adult supervision** must be provided when Scouts are involved in the storing, handling, and filling of stoves or lanterns or the lighting of chemical fuels.
- **Battery-operated lanterns and flashlights** should be used by Scouts in camping activities, particularly in and around all tentage. No chemical-fueled lantern, stove, or heater is to be used inside a tent.
- **Kerosene, gasoline, or liquefied petroleum-fuel lanterns** may, when permitted, be used inside permanent buildings or for outdoor lighting. When used indoors, there must be adequate ventilation. Strict adherence to the safety standards and the instructions of the manufacturers in fueling and lighting such stoves and lanterns must be carried out under the direct supervision of a responsible and knowledgeable adult.
- **Empty liquid-petroleum cylinders for portable stoves and lanterns** should be returned home or to base camp. They can explode when heated; therefore, they must never be put in fireplaces or with burnable trash.
- **The use of liquid fuels for starting any type of fire is prohibited.** This includes damp wood, charcoal, and cer-

Year-Round Prevention Plan

Will your camp be there next season? This is a good question to ask at the close of each camping season as you pack away equipment and leave. In fairness to next year's campers, do everything that can be done to ensure the safety of camp equipment and camp timber.

Fall, with its dry, dead leaves that often bank high around camp buildings is, in many sections of the country, the most dangerous fire season of the entire year. Spring is another bad time.

Here is a checklist of things to do at all times to be sure that your camp is fireproof year-round:

1. Destroy greasy rags.
2. Dispose of all combustible refuse and trash safely.
3. Be sure that doors and shutters are strong enough to keep out trespassers, vandals, or thieves.

emorial campfires. Solid-type starters are just as effective, are easier to store and carry, and are much safer to use for this purpose.

- **Space heaters that use chemical fuels consume oxygen and must be used only in well-ventilated areas.** Using space heaters in poorly ventilated cabins, camper trucks, and recreation vehicles can cause fires and asphyxiation. The use of charcoal burners indoors can be lethal in causing carbon monoxide poisoning.

Bulk Storage and Practices

Storage of liquid fuel and other flammables is a camp maintenance function. Filling tanks for motors, vehicles, and motorboats should always be handled by someone qualified by age and training for this responsibility. Similar responsible handling and control are prescribed for the limited use of kerosene. Use kerosene only for outside night lights and stationary heating stoves (not portable). Both gasoline and kerosene should be kept in well-marked safety cans and stored in ventilated locked boxes located away from buildings and tents. Large quantities of gasoline should be stored in a properly installed fuel tank with pump. Keys to pumps and storage boxes or sheds should be given to one adult (primarily the camp ranger), who distributes these fuels. Propane or butane storage tanks and permanent caps should be installed by experienced and knowledgeable individuals and changed only by gas distributors. These installations must conform to local regulations and must be inspected regularly.

USE SAFETY CANS ONLY!

4. Stow away firewood and loose equipment that might be used by trespassers.
5. Clear away dead grass or trees, ferns, leaves, bushes, straw piles, and trash from buildings.
6. Clean grease traps and dispose of the grease by burning it at a safe place or burying it in mineral earth.
7. Be sure the camp is ready for winter use. Check fuels, wall and floor protection around heaters, and protecting screens for fireplaces. Inspect location of fire pails, fire extinguishers, and mobile fire-fighting equipment.
8. Develop a fire prevention plan in accordance with OSHA standard 29 CFR 1910.139.

HOW YOUR UNIT FIREGUARD PLAN WORKS

DUTIES

When you arrived at camp, you were oriented and trained in the use of the unit fireguard plan. It is your responsibility as a unit leader to train your Scouts in fire prevention, fire detection, reporting, and fire control. Only implement fire control techniques that can be done quickly and easily.

Study the procedures outlined on this chart and then train your staff and youth members. Post the chart for all to see and follow. At some camps local changes are made in these suggested procedures. All exceptions, however, should be made on the written recommendation and with the approval of local fire authorities.

Organize to make the fireguard plan work by appointing capable fire wardens and deputies.

FIRE WARDENS AND DEPUTIES

As responsible Scouts appointed by their adult leader, the unit fire warden and his deputy are in charge of training, know where fire equipment is located, and are familiar with the unit fireguard chart. They instruct all unit fire wardens and Scouts in the operation of the camp fireguard plan. They conduct annual inspections of fire extinguishers and check to be sure all cooking fires, heating fires, and campfires are out at night or when no one is attending or monitoring the fire during the day. Unit fire wardens and deputies conduct fire drills at least once a week and follow the direction of the camp fire warden. They receive reports related to fire hazards daily from the duty fire warden.

Every boy in the unit should feel responsible for fire prevention, but the unit fire patrol for each day must be alert and ready to evacuate and account for everyone in case of fire emergency or drill.

If a small fire breaks out, the person discovering it should take immediate action, whether or not he is on the fire patrol for the day. Time is the most important element in the suppression of a fire. Some examples of fire control techniques are:

- **Immediately send someone to seek assistance, send a runner for help, and/or dial the camp office or 911.**
- **Douse fire with water or sand.**
- **Smother fire with a lid.**
- **In the event of a tent fire (canvas only), simply kick out the end tent poles if it can be done safely.**

Remember: Campers should not be involved in the fire fighting process except for fires that can be quickly and easily extinguished.

In making daily inspections of the unit campsite, the unit fire warden should follow the fire-prevention suggestions and use the fire-fighting equipment illustrations found throughout this chart as a guide. Campsite equipment will vary according to your camp. Results of the daily inspection should be posted on the chart in the space provided.

PATROL FIRE WARDEN

The patrol leader is responsible for training his patrol in the unit fireguard plan and leading the unit in practice evacuation and fire prevention.

He checks daily to be sure all members are preventing fires and are prepared in case a fire breaks out. He makes sure and double-checks that fires are built only on nonburnable soil in areas where they will not spread. He verifies to see that all fires are put **COLD OUT** and that open flames are not permitted in or near tents. He shows patrol members how to drop tents (canvas only) in case of fire. **In the event of a tent fire (canvas only), you can simply kick out the end tent poles if it can be done safely and let professionals fight the fire.**
